

# Jack 7 years

## BIO

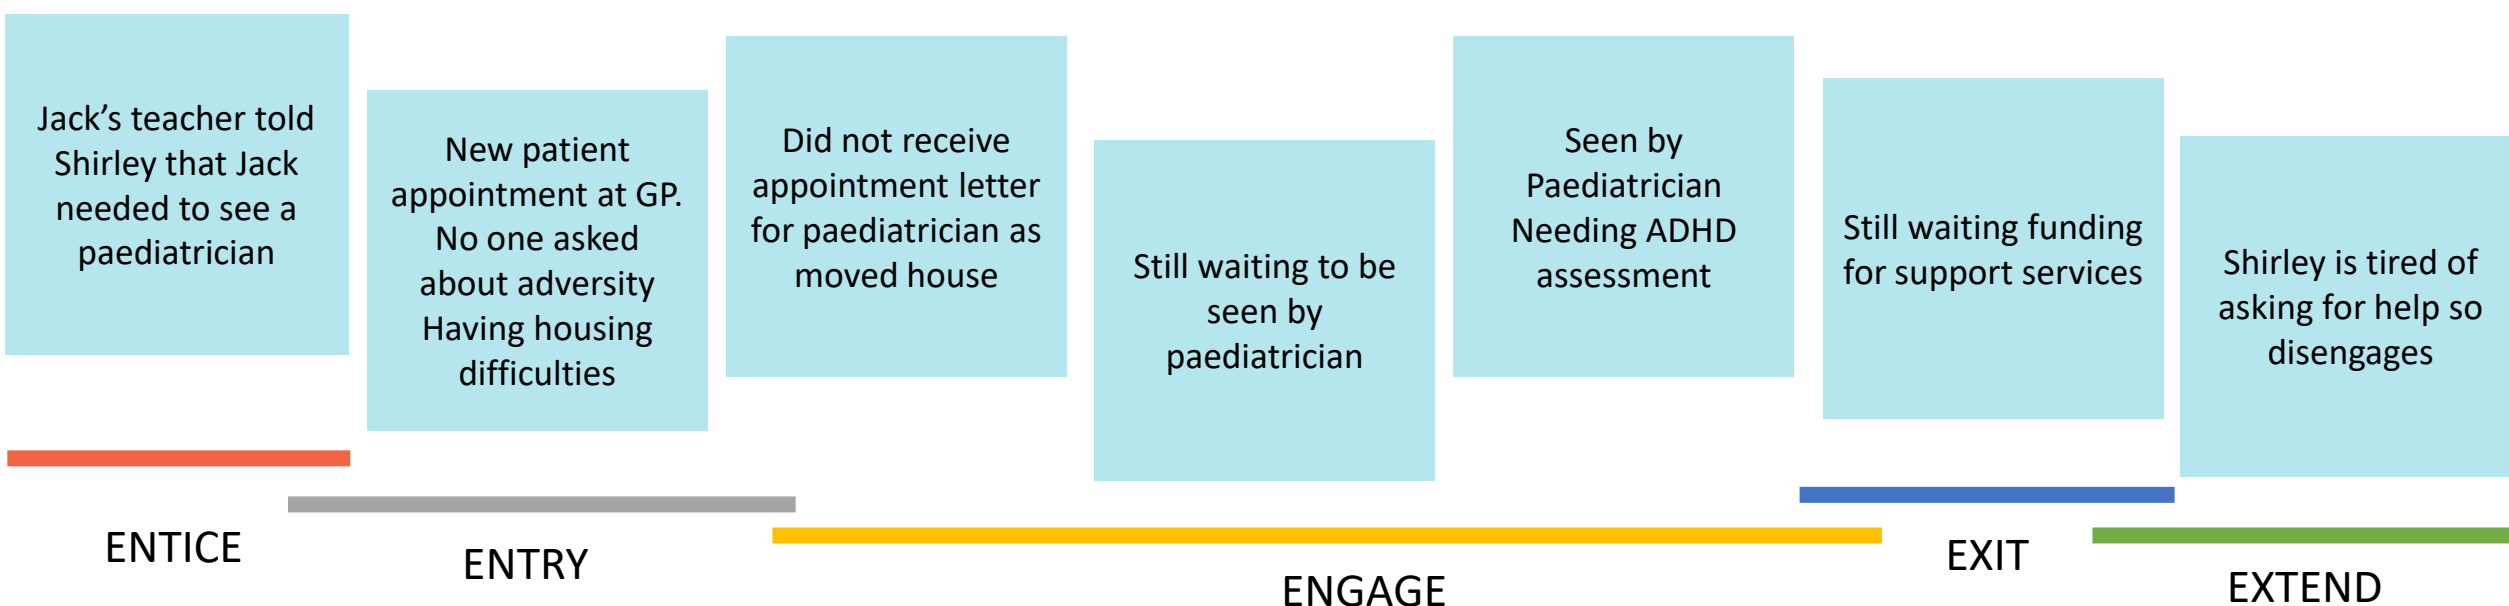

Jack lives with his Grandmother Shirley. Shirley has been Jack's main carer since Jack was a baby. Jack and Shirley are new to Wyndham having moved interstate to be closer to Jack's mother. Jack's mother has had some mental health difficulties. The family are currently experiencing housing difficulties and have struggled with stable access to food over the years. Jack has had some difficult behaviour at school and has been hitting other children. Shirley is concerned about Jack's learning but is not worried about his behaviour "boys will be boys".

## GOALS

For support with learning at school

## FRUSTRATIONS

Don't know where to get help  
Has no funding at school

# Ahmed 4 years

## BIO

Ahmed lives with his parents and younger brother. His parents are refugees from Lebanon. They have limited English and are socially isolated.

Ahmed's mother is loving towards her children and wants the best for them. She is unable to drive and has physical health problems. Ahmed's father can be controlling.

Ahmed has developmental delays and is overweight.

Ahmed's mother is worried about Ahmed's weight and his eating but is not worried about his development.

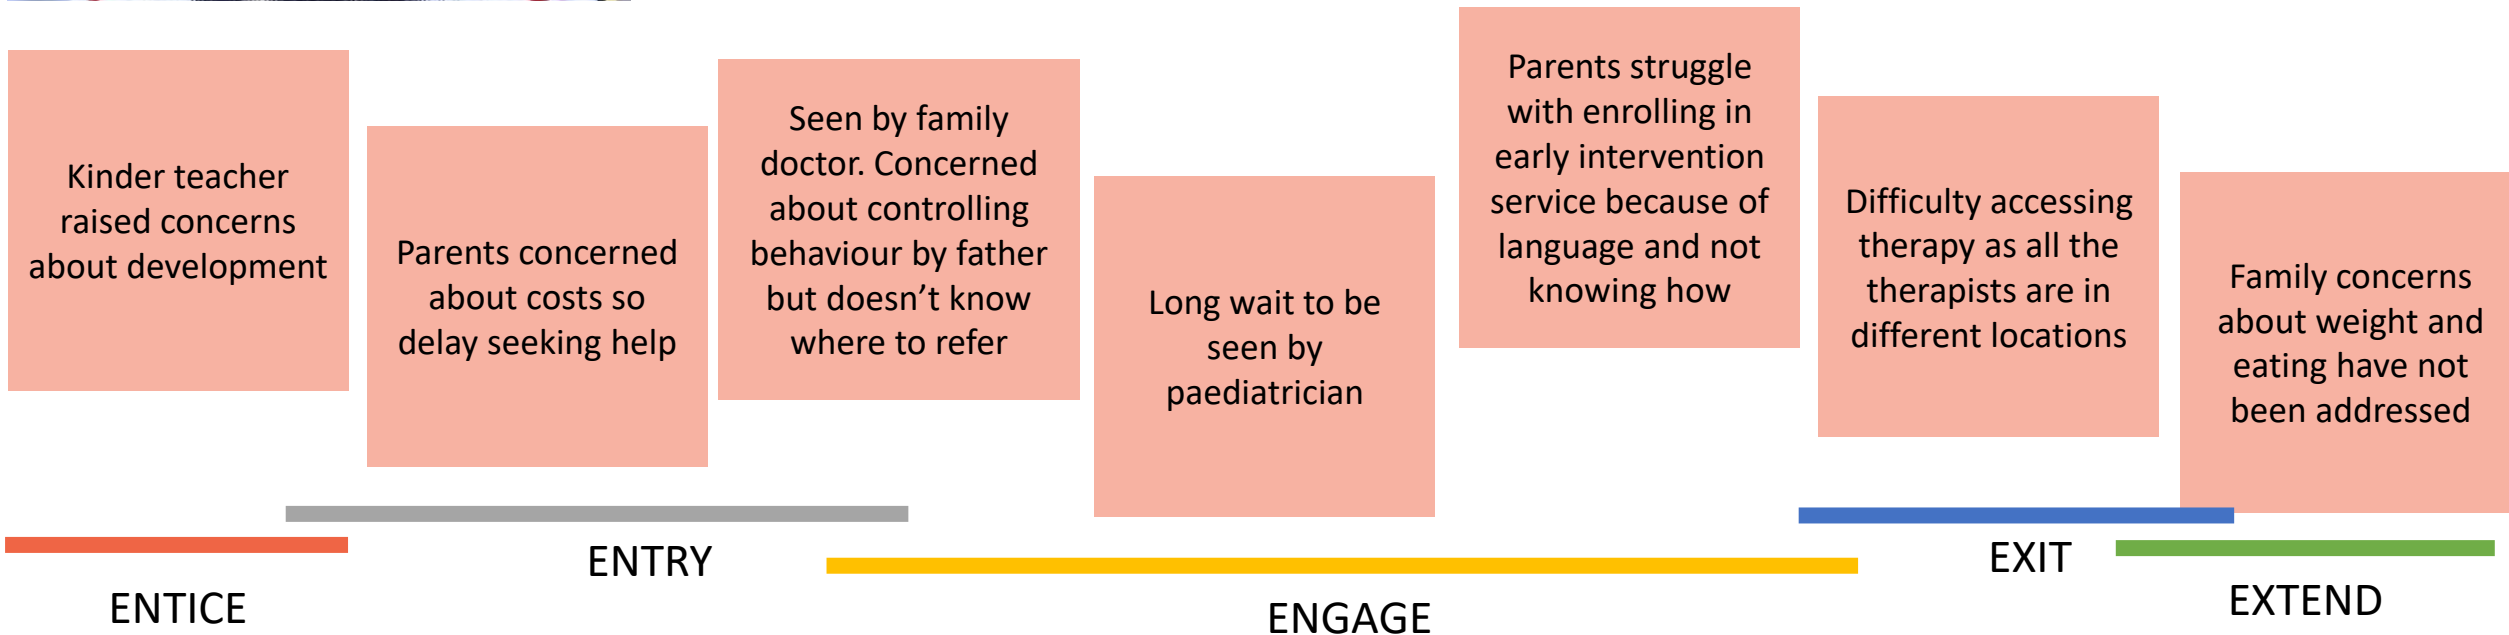

## GOALS

To get Ahmed ready to start school next year

## FRUSTRATIONS

Worried about his weight and eating

Don't know how to access help

# Dekota 2 years

### BIO

Dekota lives with her Dad, Tyler and her older sister. Her mother has moved interstate recently leaving Dekota in her Dad's care.  
Dekota's older half sibling is in out of home care.  
There have been poor boundaries and routines at home in the past. The family struggles as there are multiple competing needs.  
Dekota has been having sleep difficulties and has night waking since her mother left  
Dekota has just started childcare.

### GOALS

For parenting support  
For better sleeping and behaviour

### FRUSTRATIONS

Tyler wants to feel supported by the many services involved
